

TC-315 - *Note Bundling Machine*

TC-315 can bundle the banknotes automatically with paper tapes without preheating. It is also easy to adjust the bundling position with gear and the bundling temperature by the users. TC-315 provides an efficient bundling way for financial sectors and institutions.

Automatic Bundling Process Controlled by Microcomputerized Technology

- Compared with other similar machines, TC-315 can provide a tidy and tight heating edge.

Exquisite and Portable Design

- With high quality components, the machine is durable for portable usage.

Easy Operation and High-Speed Bundling Process

- TC-315 is capable of 30 bundlings per minute to meet the production requirements of medium volume application.

Easy to Pack a Pile of Notes into 1 Bundle

- The bundling temperature and position can be adjusted by the users. The setting and bundling result including length of loading tape, temperature, and number of bundle will appear on the screen.

Specification

Bundling Speed	2 secs/time
Dimensions(WxDxH)	270x220x225(mm)
Applicable Paper Tape Size	(W)20/30 (mm)
Bundling Position	10-83mm (the distance from the center of banknote to the shorter side of it)
Net Weight	6.5 KG
Power Supply	AC 110V-220V/50Hz-60Hz
Power Consumption	50W(operating)
